W czasopi?mie *Anthropological Theory* ukaza? si? nowy artyku? dr Mateusza Laszczkowskiego "Rethinking Resistance through and as Affect".

The article draws on ethnographic fieldwork with No TAV activists in Valsusa, in Alpine Italy, protesting against the planned construction of a new high-speed railway. It contributes to the recent 'subjective turn' in the anthropology of resistance and contentious social movements, and responds to calls to 'de-pathologize' and 'de-exoticize' resistance.
