Grant Arts and Humanities Research Council dla Agnieszki Kościńskiej i Nicolette Makovicky dot. problematyki ataków na "ideologię gender"

Agnieszka Kościńska wraz z Nicolette Makovicky (Oxford) otrzymała grant Arts and Humanities Research Council na utworzenie sieci badawczej zajmującej się problematyką ataków na "ideologię gender" w Europie Wschodniej i Ameryce Południowej.

Gender Wars: East and South

Across a series of workshops, roundtables, and artistic interventions hosted by academics at network hubs (University of Oxford, Central European University, Federal University of Bahia, University of Amsterdam, University of Brasília, University of Warsaw), Gender Wars aims to document the similarities, differences, and connections between „anti-gender” movements across the two regions by harnessing the specialist, area-based knowledge and local contacts of network members. It will expose the role of art in critically interrogating and resisting anti-gender movements in Latin America and Central Eastern Europe and integrate artist-led practice in the facilitation, recording, and dissemination of inter-disciplinary dialogues.
