Call for papers: (In)Visible Russian (Anti-)War Migration International Academic Conference

Serdecznie zapraszamy do udziału w międzynarodowej konferencji naukowej (In)Visible Russian (Anti-)War Migration, współorganizowanej przez IEiAK UW.

The full-scale aggression of the Russian state against Ukraine on February 24, 2022 triggered new migration, refugee, humanitarian and political crises in European and Asian countries. Russia's aggression forced Ukrainians to flee from the war, but also pushed Russians to leave their country *en masse*. Russian (anti-)war migrants are people of various social, religious and national backgrounds with different views and attitudes towards Putin's regime. Their migration affects not only the migrants themselves and the host societies, but also the broader situation in Russia itself. The conference will provide a platform for discussion among researchers from various disciplines and academic backgrounds to approach various dimensions of the Russian (anti-)war migration and investigate responses to it on micro-, meso- and macro- levels.
